A new comment has been submitted at socotransmission.com.

COMMENT

Meeting Attended:

I was not able to attend a meeting

Important Issues:

Land Use (Agriculture, Residential, Recreation), Radio or Television Interference, Noise, Health and Safety, Project Purpose and Need, Visual / Aesthetic Resources, Other, Proximity to Residences

OTHER: Value of property

Property Uses:

Agriculture, Residential

Comment:

The proposed lines of this project will dissect our property into three pieces. These lines will ruin the views and remove the value of the property. This proposal is devastating to our family.

This is an incredibly beautiful area of Colorado. We already have too many areas disturbing nature and wildlife.

I-171-001: Environmental Consequences (In Review)

Your email/letter/comment form has been received and your comment noted. Potential environmental consequences and mitigation measures from the proposed project will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at

<http://www.usda.gov/rus/water/ees/ea.htm>.
